## WHAT IS SOWTON FORUM?

Sowton Forum was formed in September 1990. Its objective was to inform and represent on issues such as public transport, security, sign posts, crèche facilities, public relations, and in general to be seen as a community body.

Since then it has been instrumental in:

- **Introducing Security cameras**
- **Lowering speed limits**
- **Reducing traffic congestion**

# TODAY'S SOWTON FORUM

Today's Sowton Forum represents businesses within and around Sowton Industrial Estate and Exeter Business Park, with connections to Sowton Transport Management Association, Exeter City Council, Devon County Council, Devon & Cornwall Police, Exeter Business Forum and local Schools.

The Forum's aim is to be a positive influence on issues affecting the Business Parks.

Business Watch works in much the same way as any Neighbourhood Watch scheme. If there are any potential risks or issues regarding security on Sowton Industrial Estate or the Exeter Business Park you will be contacted immediately by email. Register now for Business Watch and receive email and/or fax notifications of any security issues that arise. Keep your business premises safe with Business Watch.

The Sowton Transport Management Association's aim is to implement an overarching long term sustainable travel plan for the area in and around the Sowton Industrial Estate. To reduce congestion during am and pm peak traffic flows by 10% taking into account continued organic growth and the development of the site. To engage businesses on the estate such that they produce travel plans which lock into the over-arching travel plan and reflect the overall objectives of the Sowton TMA.
